

## Why You Choose Us?

Experienced trainers with expertise in public speaking and communication  
Age-appropriate syllabus tailored to meet the needs of beginner level children  
Interactive sessions to encourage participation and build confidence  
Personalized feedback and evaluation to track progress

## About our course

Curious Minds is a public speaking course designed for children aged 7 to 12 years, aimed at unlocking their communication potential. The course is structured to provide students with the necessary skills and techniques to confidently express themselves and communicate effectively in various situations. Upon completion of this course, children will have developed the ability to overcome shyness, make new friends, manage stage fright, and as a result, become confident communicators.

## Parent Testimonial

I had enrolled my daughter Meera for Meenakshi ma'am's class. I wanted her to open up a bit more and be more social. The day I met Meenakshi ma'am, I dropped my anxiety and realised that my daughter is in right hands. Her teaching is unique with more focus towards speaking, creative thinking and imagination building. My daughter has made remarkable progress and everytime she meets someone, she dons a speaker's hat and communicates effectively with right eye contact and clear articulation. That's a mark of a good

I had enrolled my daughter for Public speaking course. I must say Meenakshi Madam is very humble and teaches the kids patiently..she listens to the children and clear their doubts in a very easy and friendly way. I can definitely see improvement in my daughter after joining the course. Thank you very much for all the support. Keep growing
